Nuclear Physics DC Day in May

The date: May 22, 2017.

Last month, we had 24 yes from the sign-up sheet covering 10 states, 6 maybes.

The 10 states were covered: Ohio, NY, TE, CA, PA, CO, Iowa, Maryland, Indiana, MA.

Now we have 32 delegates covering 17 states:

Ohio, NY, TE, CA, PA, CO, Iowa, Maryland, MA, Montana, New Jersey, Illinois, Georgia, Texas, NM, Connecticut, Kentucky.

List is final.

Thank you all for reaching out people.

Not covered but we do have experimental collaborators:

Nebraska

Florida

Michigan

Indiana (last minute cancellation)

We should try those states next year.

Day care closure

On 4/14/2017, Bob Lincoln announced that CDC will be closed on 5/31.

On April 28th, discussion at Amy's meeting (Jim, Justin?)

I discussed with Gene van Buren, a BNL parent committee member. A few things:

- a. The new company need a license to operate a day care at BNL. 3 months.
- b. DOE can not give BNL an answer on benefits to parents using onsite day care in a near future.
- c. BSA subsidy to Bright Horizon, very significant.
- d. The decision to close the day care was made without consultation with BNL parent committee.

What UEC should do?

write a letter to Doon?

gather information on users:

Jaki suggest: a list of names of people who plan to use the daycare on trips to BNL.
