Housing Area Tour Review presented by Yu Hu

UEC would like to make a list of items, for BNL management of items that need to be addressed in the housing units.

Ross Corlis and Yu Hu were very appreciative of the tour and had very nice things to say about the housing units shown.

Some items they spoke about:

Check for the rooms prior to check-in.

Extra desks, small that could collapsible and wheeled into the room for weekend work.

Noisy refrigerators

Small bent blinds in bathroom

Men's laundry room, shower door or curtains for more privacy

Rental pricing on the housing confirmation

Mold on ceilings

Need to do better for gender neutral wing.
